

## Eguana Technologies Completes Oversubscribed Offering

**Calgary, AB** – (April 15, 2016) – Eguana Technologies Inc. (TSX-V: “EGT”) (OTCQB: “EGTYF”), (“Eguana”, or the “Company”), a technology leader in power conversion and control systems for distributed energy storage, is pleased to announce that it has closed its second and final tranche of its previously announced brokered private placement (“Offering”) of common shares in the capital of the Company (the “Common Shares”). In connection with the closing of the second tranche, the Company issued 1,834,000 Common Shares for gross proceeds of \$220,080, which together with the proceeds from the first tranche of the Offering, resulted in the Company issuing an aggregate of 9,982,402 for aggregate gross proceeds of approximately \$1.2 million.

Bayfront Capital Partners, Ltd. acted as agent and financial advisor to the Company in connection with the Offering. In connection with the Offering, Eguana paid aggregate cash commissions of \$76,305.60 and issued compensation warrants to purchase an aggregate of 698,768 Common Shares at a price of \$0.12 per share for a period of 36 months from the date of issuance. The Company will use the proceeds from the oversubscribed offering for the working capital required to meet increasing demand in the US and to keep our European development ahead of schedule.

The securities issued under the Offering are subject to a four month hold period. A copy of such early warning report will be available on SEDAR ([www.sedar.com](http://www.sedar.com)) or by contacting the Company as contemplated herein.

### **About The AC Battery:**

The AC Battery is a pre-integrated and fully certified energy storage system which requires only a grid connection and a dispatch signal to provide a fully functional and durable energy storage installation to the consumer. The AC Battery provides maximum flexibility for system aggregators which want to deploy it as part of new solar storage installations or as a retrofit to solar PV installations already in place.
