

Eguana Announces Additional AC Battery Shipments to Hawaii

CALGARY, Alberta, Jan. 10, 2018 (GLOBE NEWSWIRE) -- Eguana Technologies Inc. (TSX-V:EGT) (OTCQB:EGTYF), one of the leaders in power conversion and control systems for distributed energy storage, is pleased to announce additional volume shipments of approximately \$1 million scheduled for January.

“We continue to execute and estimate to have over 40% market share of the CGS (customer grid supply) market in Oahu. CGS+ and Smart Export programs, which require advanced power controls to manage power flow, will be rolled out in early 2018 and should continue to drive volume,” stated Brent Harris, head of sales for Eguana.

Hawaii remains committed to its 100% renewable energy by 2045 mandate. Eguana’s fully integrated and certified AC battery is available today, fully compatible with all PV systems installed or pending installation on the islands, and meet all new US interconnection requirements.

About Eguana Technologies Inc.

Eguana Technologies Inc. designs and manufactures high performance power controls for residential and commercial energy storage systems. Eguana has more than 15 years’ experience delivering grid edge power electronics for fuel cell, photovoltaic and battery applications and delivers proven, durable, high quality solutions from its high capacity manufacturing facilities in Europe and North America.

With thousands of its proprietary energy storage inverters deployed in the European and North American markets, Eguana is one of the leading suppliers of power controls for solar self-consumption, grid services and demand charge applications at the grid edge.
