

Eguana Announces Closing of \$1.215 Million Second Tranche Private Placement

NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES

CALGARY, ALBERTA - (August 8, 2019) - Eguana Technologies Inc. ("**Eguana**" or the "**Company**") (TSXV: EGT) (OTCQB:EGTYF) is pleased to announce that it has closed its previously announced upsized private placement offering (June 21, 2019) on a non-brokered basis by issuing 1,215 unsecured convertible debenture units of the Company (each, a "**CD Unit**" and collectively, the "**CD Units**") at a price of \$1,000 per CD Unit for gross proceeds of \$1.215 Million (the "**Offering**"). Eguana closed the first tranche of its private placement on June 21, 2019 by issuing 3,012 CD Units for gross proceeds of \$3.012 Million. In total, Eguana issued 4,227 CD Units for gross proceeds of \$4.227 Million. The net proceeds will be used for general working capital and corporate expenditures of the Company.

Each CD Unit is comprised of one \$1,000 unsecured convertible debenture of the Company (each, a "**Debenture**" and collectively, the "**Debentures**") and such number of common share purchase warrants of the Company (each, a "**Warrant**" and collectively, the "**Warrants**") equal to the principal amount of the Debenture divided by \$0.30, with each Warrant exercisable at \$0.20 to acquire one common share in the capital of the Company (each, a "**Common Share**" and collectively, the "**Common Shares**") for a period of 36 months from the date of issuance (the "**Closing Date**").

As part of the Offering, to demonstrate continued support of Eguana's growth plans, insiders of the Company subscribed for an aggregate of 1,215 CD Units. The Company's largest shareholder DHCT II Luxembourg SARL ("**DHCT**"), the investment vehicle of funds managed by Doughty Hanson & Co Managers Limited subscribed for 1,200 CD Units and Gregory Nelson, a director of the Company subscribed for 15 CD Units. Such participation is considered a related party transaction within the meaning of Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The related party transaction is exempt from minority approval, information circular and formal valuation requirements pursuant to the exemptions contained in Sections 5.7(1)(a) and 5.5(a) of MI 61-101, as neither the fair market value of the gross securities issued under the Offering nor the consideration paid by the insiders exceeds 25% of the Company's market capitalization.

The Debentures mature and are repayable three (3) years from the Closing Date (the "**Maturity Date**"). Each Debenture has a coupon of 10% per annum compounded semi-annually and payable in cash semi-annually or on such earlier date on which the Debenture is converted. Each holder of Debentures is entitled to convert, at any time, the principal amount of Debentures into Common Shares at a price of \$0.15 per Common Share (the "**Conversion Price**"). Following the date that is four months plus one day from the Closing Date, upon 30 days' notice, the Company can require the holders of Debentures to convert the Debentures into Common Shares in the event the daily volume weighted average trading price of the Common Shares on the TSX Venture Exchange (the "**TSXV**") is greater than \$0.30 for any 20 consecutive trading days.

All securities issued pursuant to the Offering will be subject to a statutory hold period lasting four months and one day following the Closing Date and any applicable US restrictions. The Offering is subject to approval of the TSXV.

As part of the Offering, DHCT has acquired ownership of (i) \$1.2 million principal amount of Debentures convertible at the option of DHCT into 8,000,000 Common Shares, representing approximately 3.53% of the presently issued and outstanding Common Shares and (ii) 4,000,000 Warrants entitling DHCT to subscribe to 4,000,000 Common Shares at a price of \$0.20 per Common Share, representing approximately 1.76% of the presently issued and outstanding Common Shares.

Immediately prior to the acquisition, DHCT owned (i) 58,018,921 Common Shares, representing approximately 25.57% of the presently issued and outstanding Common Shares, (ii) one Series 8 First Preferred Share of the Company, representing 100% of the presently issued and outstanding Series 8 First Preferred Shares of the Company, (iii) 434,860 Series A Preferred Shares of the Company (the “**Series A Preferred Shares**”), representing 100% of the presently issued and outstanding Series A Preferred Shares, which may be converted at the option of DHCT into 18,119,166 Common Shares, and (iv) 1,863,095 warrants to purchase Common Shares (the “**Previous Warrants**”). Assuming the conversion in full of the Series A Preferred Shares and exercise in full of the Previous Warrants, DHCT would have owned, immediately prior to the acquisition, 78,001,182 Common Shares, representing approximately 31.59% of the Common Shares.

Following completion of this acquisition, DHCT owns (i) 58,018,921 Common Shares, representing approximately 25.57% of the presently issued and outstanding Common Shares, (ii) one Series 8 First Preferred Share of the Company, representing 100% of the presently issued and outstanding Series 8 First Preferred Shares of the Company, (iii) 434,860 Series A Preferred Shares, representing 100% of the presently issued and outstanding Series A Preferred Shares, which may be converted at the option of DHCT into 18,119,166 Common Shares, (iv) 5,863,095 warrants to purchase Common Shares, and (v) \$1,200,000 principal amount of Debentures. Assuming the conversion in full of the Series A Preferred Shares and Debentures, and exercise in full of the warrants held by DHCT following the acquisition, DHCT would own 90,001,182 Common Shares, representing approximately 34.76% of the Common Shares.

The securities were acquired through a private placement with the Company as further described above. DHCT has acquired the Debentures and Warrants for investment purposes, and may acquire further securities of the Company, or dispose of its holdings of securities of the Company, both as investment conditions warrant.

About Eguana Technologies Inc.

Based in Calgary, Alberta Canada, Eguana Technologies Inc. (EGT: TSX.V) (OTCQB: EGTYF) designs and manufactures high performance residential and commercial energy storage systems. Eguana has two decades of experience delivering grid edge power electronics for fuel cell, photovoltaic and battery applications, and delivers proven, durable, high quality solutions from its high capacity manufacturing facilities in Europe and North America.

With thousands of its proprietary energy storage inverters deployed in the European and North American markets, Eguana is one of the leading suppliers of power controls for solar self-consumption, grid services and demand charge applications at the grid edge.
